

Canberra Literati Issue No. 4

We started soliciting articles for the publication of the *Canberra Literati Issue No. 4* in July 2005 and one of the artists designed the covers of the book. By October 2005, we had selected nine novels, forty-three poems, ten proses, seven memoirs and one special topic report on the Australian Health and Medical Insurance systems. There were six articles in both Chinese and English.

The *Canberra Literati Issue No. 4* was printed on 8 March 2006 after a few months' hard work of compiling, digitising and proofreading. It also included images of paintings or art work from the "Chinese Art in Canberra" Exhibition and photos of the activities that were organised by the association during year 2005. The front cover was designed by artist Mr Cunde Wang and the image on the back cover is from the painting by the artist Mr An Pan.

The Association in conjunction with the ACT Library and Information Services hosted a book launch ceremony and the *Canberra Literati No 4* was officially launched by Ms Kate Scandrett, Senior Manager of the Office of Multicultural Affairs, on Saturday 6 May 2006.
